

17th International Symposium

Biomechanics of Human Movement: Mechanisms and Methods

Sessions

Biomechanics of Human
Locomotion
Sports and Technology
Eccentric Exercise
Should You be Stiff or Flexible?
Motor Control and Learning

September 21–23, 2016

Jyväskylä, Finland

Department of Biology
of Physical Activity

Submit your abstract by
May 31st

Registration opens
May 1st

Invited speakers incl.

Walter Herzog
Per Aagaard
Antoine Nordez
Peter Magnusson
Stéphane Baudry
Nicole Wenderoth
Stefan Lindinger
Ramona Ritzmann
Natalie Mrachacz-Kersting
Paavo Komi

The International Symposium "Biomechanics of Human Movement: Mechanisms and Methods" will bring together leading scientists from all over the world to present their latest work.

Abstract submission is open until 31st May, 2016.

There are possibilities to present in podium or poster format. Detailed instructions for submission are presented on the symposium webpages.

Registration fees (registration opens 1st of May)

The fee includes the opening reception, coffees, snacks and lunches. Student registration does not include lunches. Students and staff of the Department of Biology of Physical Activity can attend for free.

	Until June 30	July 1–September 14
Regular	200€	250€
Alumni	180€	225€
Students	50€	75€

Symposium Organisers

Department of Biology of Physical Activity

Professor Taija Finni, Symposium Chair

Dr. Neil Cronin, Vice chair

Professor Janne Avela

Professor Vesa Linnamo

Dr. Mikko Virravirta

Annamária Péter, András Hegyi & Ying Gao, Coordinators

Katja Pylkkänen, Administrator

Symposium Venue

University of Jyväskylä,

Faculty of Sport and Health Sciences,

Liikunta building Room 304

Keskussairaalan tie 4, 40600 Jyväskylä
